Dear Neighbour

We have heard some frightening accusations with regard to our application for a Premises Licence. To allay any fears to our neighbours, I have produced a list of points in reference to the various rumours & suppositions in relation to the Sports Centre that have been loosely banded about as "fact", for your own peace of mind. Most importantly, we do not intend to change our current provision to users of the Sports Centre, we want to simplify our current licence and improve our service to customers.

Many thanks for reading this note, and if you do have any questions or fears, please do not hesitate to contact us at your earliest convenience.
