To: ARP Joint Committee, 22nd March 2016

Subject: Welfare Reform

Purpose: To provide an update on welfare reform

Recommendation(s):

- That the report is noted

1.0 INTRODUCTION

1.1 Background

1.1.1 Welfare Reform was introduced by the previous Government as part of wider fiscal measures to reduce deficits, intended to encourage work whilst reducing increasing welfare expenditure.

2.0 Matters of interest

2.1 Universal Credit

2.1.1 East Cambridgeshire went live with Universal Credit with new claims from single unemployed customers on the 29 February 2016, Fenland on the 14 March 2016, joining Breckland, Forest Heath, St Edmundsbury, Suffolk Coastal & Waveney who have been live with such claims since Spring 2015.

2.1.2 The number of customers affected continues to be lower than those forecast, whilst Council's receive funding to provide services in partnership with the DWP.

2.1.3 In February the DWP announced the sites to be involved in the transition to the full, digital, Universal Credit Service in 2016. Amongst the partner Councils, only Waveney has been named to go live with the full service in May 2016; implementation meetings are ongoing with the DWP and key Local Authority colleagues.

2.1.4 The full UC service will be open to all new claims from all working age claimant groups. This will also include customers currently receiving existing Benefits or Tax Credits and has a change of circumstances that would trigger a new claim to UC.

2.1.5 There have not been any further announcements regarding the migration timetable for existing Housing Benefit cases, whilst the position for Pensioners continues to remain uncertain, thought unlikely to be determined before 2020.

2.2 Discretionary Housing Payment

2.2.1 Spend continues to be within DWP grant. The main area of expenditure continue to be to assist customers with rent shortfalls, in particular due to restrictions on Housing Benefit rent levels. The scheme is promoted through our stakeholder contacts.

2.2.2 Discretionary Housing Payment grant is funded by DWP, designed to help customers remain in their homes or to move to affordable and sustainable accommodation.

2.3 Benefit Cap

2.3.1 DWP have announced the reduced Benefit Cap will start to be implemented from Autumn 2016 and that they will write to affected customers in the Spring, offering a range of support, including help to find work. The Benefit Cap will reduce from £26,000 to £20,000 (£13,400 for single adults with no children)

2.3.2 Local Authorities are dependent upon the DWP advising Benefits Services which customers are affected, when and by how much. The DWP plan to issue scans at the end of April detailing those customers likely to see a reduction or, further reduction in benefit from the Autumn.

2.3.3 This information will allow us to engage with and assist customers, landlords and stakeholders accordingly, working with colleagues in Customer Service and Housing Options teams to look to avoid homelessness and the cost of temporary housing.

2.3.4 DWP have said New Burdens funding will be issued to assist Councils with extra administrative costs.

2.4 Social rented sector rent restrictions

2.4.1 Government have announced that new social sector tenancies entered into after April 2016, will, after April 2018 have their Housing Benefit subject to and restricted to the local housing allowance (LHA), which is the level of rent set in the private sector.

2.4.2 Whilst we await detail on the rates that will apply, and confirmation of any excluded groups, we will work with colleagues in Housing and Customer Services to understand the impact, levels of reductions and possible assistance from the Discretionary Hardship fund.
