

THETFORD RAILWAY STATION CAR PARKING
Tina Cunnell Town Clerk Thetford Town Council

Update Note

In February 2018 the GTDP Board suggested that Thetford Town Council be contacted to consider moving the Munford Road Allotments as a possible means of providing additional parking at the railway station.

Thetford Town Council has commenced work to identify land that could be used for allotments. Progress so far has identified that the Town Council do not own any suitable land. The Town Council have also contacted the County Council and Breckland Council to see if they own any land that may be suitable for use as allotments.

Work is still in progress, so far 2 sites have been identified,

- Charles Burrell Centre (currently leased to TTC)
- Closed Elm Road Centre

TTC are continuing to investigate possible sites and feasibility of using the existing site at Mundford Road for car parking.
