REPRESENTATIONS

2 additional local representation objections have been received following publication of the Committee report and are summarised below:

- Does not fit with surroundings
- Scale not traditional
- Impact on parking, traffic and road safety (locally congested roads)
- Noise and disturbance
- Environmental and public health impact of chicken waste
- Cruelty of procedure

These matters have already been raised and are addressed in the Committee Report as drafted.

The operation will be compliant with the required animal welfare standards. Character and appearance, amenity and access issues are discussed at Sections 2.0, 3.0 & 4.0 of the Report respectively.

RECOMMENDATION

The recommendation remains unchanged.
