

Safeguarding

Safety, security and welfare applies to passengers and licensed drivers. Licensed drivers deal with strangers, they work alone often late at night, carry cash and may be at risk of violence, non-payment of fares, verbal abuse etc. Proprietors and operators must consider these factors when determining what safeguarding measures should be in place. The council encourages the use of CCTV in licensed vehicles, but has not made it a mandatory condition of licences due to the financial burden involved. However, proprietors and operators should consider the benefits and disadvantages of safeguarding measures such as, CCTV, cashless payment systems, communication systems, etc. in licensed vehicles in their risk assessments.

Drivers and operators may refuse to carry any passenger if they have good cause, e.g. a customer's behaviour or demeanour is threatening, offensive or abusive or has previously refused 'bilked' payment. Where this occurs drivers and operators should keep records of why the service was refused.

Child sexual exploitation is a form of child sexual abuse. It occurs where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person under the age of 18 into sexual activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial advantage or increased status of the perpetrator or facilitator. The victim may have been sexually exploited even if the sexual activity appears consensual. Child sexual exploitation does not always involve physical contact; it can also occur through the use of technology.

Licensed drivers, proprietors and operators provide a public service and have a duty of care to all passengers. They also have a moral and social responsibility to report concerns about someone who is vulnerable. Should a licensed driver, proprietor or operator have any concerns about the vulnerability of a child or public safeguarding they must report this immediately as it may prevent the vulnerable child from becoming a victim. Reports of imminent danger should be made to the police on 999. Where there is no immediate danger, or you wish to pass on some information or intelligence please call 101.

Driver Training

All new drivers are required to complete an approved training/awareness raising course in relation to safeguarding children and vulnerable people. This is an approved course and details are supplied through the Council.

The Council also requires that all existing licence holders must complete refresher training in relation to safeguarding children and vulnerable adults. This must be completed every 3 years.
